PROFESSIONAL EXPERIENCE

Assistant Project Manager – Building / Renovation — Wolfsburg, Germany

February 2025 – December 2025 · part-time

- Coordinated renovation and residential construction projects, working directly with site supervisors, engineers and subcontractors (role close to a site management/supervision function).
- Contributed to technical drawings and 3D modeling, as well as on-site surveys (AutoCAD, Revit).
- Monitored compliance with deadlines and safety standards across several construction sites in parallel.

Urban Planning Studies Intern — Urban Rehabilitation and Renewal Agency, Tunis

June 2023 – September 2023

- Analyzed and processed territorial data (demographics, land use, patterns of use) to inform planning decisions, following a logic similar to French local urban plan (PLU/SCOT) diagnostics.
- Contributed to operational and strategic urban planning proposals as part of urban rehabilitation projects.
- Contributed to the planning of urban development projects, in coordination with the agency's team.

Final-Year Project – Urban Rehabilitation — Urban Rehabilitation and Renewal Agency, Tunis

February 2022 – May 2022

- Designed an urban rehabilitation project for a deprived neighborhood, from analysis through to operational recommendations.
- Analyzed socio-economic and environmental issues of the site; presented findings to the agency's planning team.
